

**2024 PEW RESEARCH CENTER'S AMERICAN TRENDS PANEL  
WAVE 141 LOCAL NEWS AND CRIME  
JANUARY 2024**

**PROGRAMMING NOTES:**

*Lines across page designate a page break.*

*Unless otherwise specified, question responses should appear in the same order on the screen as they do in the questionnaire.*

*Please capture the time stamp for the start and end of the survey and then calculate the total survey time.*

*Please calculate time spent per page.*

*Please capture all randomization and order variables.*

*Provide variables in the data set that identify devices as follows: Mobile, Tablet or Desktop. Code these based on data extracted from the user agent string. Create individual flags for each type of device, as well as a NEW\_DEVICE\_TYPE variable based on this coding.*

*Please only use soft prompts where specified. All other questions should have no prompt.*

*Please NO GRIDS unless specified*

*Please code all missing responses as 99=Refused if a question was asked and skipped*

**EXCLUSIVE PUNCH** is a radio button "None of the above" option at the end of a "Check all that apply" series. If Javascript is enabled, checking this unchecks all other options. If JS is not enabled checking this means a cleaning rule that all substantive responses are set to missing in the data cleaning process.
