

**2024 PEW RESEARCH CENTER'S AMERICAN TRENDS PANEL  
WAVE 151 AUGUST 2024  
FINAL TOPLINE  
August 5–11, 2024  
TOTAL N=9,201**

**Note: "All U.S. adults" refers to all U.S. adults, regardless of race. White, Black and Asian adults include those who report being only one race and are not Hispanic. Hispanics are of any race. Asian adults are representative of English-speakers only.**

**All numbers are percentages unless otherwise noted. Percentages greater than zero but less than 0.5% are replaced by an asterisk (\*). A hyphen (-) indicates that the sample size for a given subgroup is too small to report for that question or that the responses for a given subgroup are not displayed. Rows/columns may not total 100% or to NETs due to rounding. The questions presented below are part of a larger survey conducted on the American Trends Panel.**

**"No answer" includes web respondents who do not answer the question as well as telephone respondents who refuse to answer or who say they don't know how to answer. In cases where "not sure" was offered as an explicit option to web and telephone respondents, the "no answer" category includes only web skips and telephone refusals.**

**This survey was conducted primarily online, with some interviews conducted by live telephone. This topline shows the programming language for online administration. For details on how questions were slightly modified for phone administration, visit the [questionnaire](#).**

**American Trends Panel surveys conducted between October 2016 and June 2024 were conducted fully online (with tablets and data plans provided to adults without home internet). American Trends Panel surveys conducted prior to October 2016 were conducted primarily online, with some respondents completing by mail. For additional details, visit the [methodology](#).**
